ADA, OKLAHOMA, WEDNESDAY, MAY 12, 1920.

FIVE CENTS THE COPY

## ANOTHER BIG ADA ENTERPRISE

LOCAL CAPITALISTS HAVE SECURED CHARTER FOR MOST IMPORTANT INDUSTRY FOR THIS CITY.

Articles of incorporation have been drawn and a charter has just been secured by local capitalists for the organization in this city of the Rock Asphalt Paving company, and within a very short time the organization will be perfected and the construction of a modern and up-to-date rock crushing plant will begin.

Those composing the new company are J. C. Hynds, Elmer S. Rood of Omaha, C. H. Rives, F. J. Stafford, L. A. Ellison, J. O. Tipton, B. H. Epperson, C. A. Galbraith, and two other local capitalists whose names were not given to the News reporter.

According to the articles of incorporation, the purposes for which this corporation is formed are to acquire mineral lands, to prospect for minerals and to conduct mining operations thereon; to mine, transport, crush and sell rock asphalt and crude and other asphalt products; to acquire, own and operate a rock crushing plant and to sell the product thereof; to construct railroads, wagon roads, electric light, power and gas plants; to bid for and enter into contracts for making any and all kinds of street improvement work, and to construct such improvements; to own and operate street paving equipment of any and all kinds; to construct, own and operate telegraph and telephone lines; to acquire, own and improve and sell real estate for the purposes of the incorporation, and to transact any and all business connected therewith. Also for the purpose of constructing water and sewer mains and laterals and other municipal improvements with the additional power of selling such improvements to the municipal corporations where such improvements are located; and to do all things whatsoever that it might or could do by virtue of the laws of the State of Oklahoma.

One of the most valuable natural resources of Pontotoc county, and in fact, of the state of Oklahoma, is the immense rock asphalt deposits near the city of Ada. These rock contain all of the necessary ingredients to make ideal surfacing for macadamized streets and roads and are recognized by experts to be the very material for this purpose.

The primary object of this new corporation is to commercialize this natural resource and make it a real asset to the city and county. They intend to at once install an up-to-date rock crushing plant and to market the product in all parts of the country. Incidentally, they want, if they can, to find out what the actual cost of laying down a block of street paving is, and, if possible, do some of the paving that is soon to be done in the city of Ada.

This new industry will add materially to the wealth and industrial activity of the community, and is one that is bound to succeed by reason of its wonderful opportunities and by reason of the necessity for it.

## Man Arrested for Kidnapping His Own Boy at Stillwater

Henry Hibdon was before the district judge in chambers yesterday on a writ of habeas corpus Hibdon had been arrested on a warrant issued by the authorities of Payne county on a charge of kidnapping and instituted habeas corpus proceedings in the district court of this county. He was ordered released under a bond of \$1,000 and his preliminary hearing will be held Friday morning at 10 o'clock. E. N. Jones of Ada is his attorney.

It seems that Hibdon is charged with kidnapping his own son, Oliver Hibdon, in Payne county. Early in 1916 Hibdon was granted a divorce from his wife, Emma Lively Hibdon, in the district court of Pontotoc county, the decree being granted by Judge Geo. C. Crump. Abandonment and adultery were the grounds on which the suit for divorce was filed and according to the terms of the decree Hibdon was given the custody of his three children. The defendant, Emma Lively Hibdon, was enjoined by the court from visiting the children.

Some time during the past year Mrs. Hibdon prevailed on Hibdon by frequent letters to permit the youngest child, Oliver Hibdon, to pay her a visit, and as soon as she got possession of the boy she took him to California and kept him there for several months. Recently she brought the boy back to Stillwater whereupon Hibdon went to that city and secured his boy, bringing him back to Pontotoc county. The warrant for his arrest on a charge of kidnapping was then issued.

Let a Want Ad get it for you.

## BIG MAJORITY FOR BONDS

EVERY WARD VOTES FOR INCREASED LEVY AND NEW BUILDING; NOT MANY VOTES CAST.

By a majority of 25 to 1 the people of Ada yesterday voted for the bond issue of \$75,000 to erect a new south ward school building for this city. By only a little less majority they voted for an increased levy for increases in the salaries of teachers for the schools next year. The vote for the bonds was 500, with 20 against. For the extra levy the vote was 421, with 21 against.

The vote by wards is as follows:

First ward—For the bonds, 199; against 8; for levy 196; against 11.  
Second ward—For bonds 147; against 8; for levy 74, against 4.  
Third ward—For bonds 33; against 2; for levy 33, against 2.  
Fourth ward—For bonds 121; against 2; for levy 118, against 4.

## CARRANZA'S ARREST CONSIDERED DOUBTFUL

By the Associated Press

The revolutionists seem to have obtained virtually all of their objectives with the single exception of the capture of President Carranza, who fled from Mexico City last week. Advice from rebel sources say he had been taken prisoner, but apparently the news had not reached Vera Cruz last night. That city reported that near San Marcos, 125 miles away, forces loyal to the president were fighting against the rebels sent to capture Carranza and gain possession of funds belonging to the Mexican treasury, which he is said to have taken with him in his flight from the capital.

Rebel reinforcements are said to have been ordered up to the scene of the battle, and it is probable the issue of the struggle will not be long delayed.

So far as known quiet prevailed in the district of the country under the control of rebel chieftains. The only part of Mexico that seems still to be loyal to the Carranza government is a narrow strip along the Gulf coast, although in some parts the rebels are reported to be in control. Dispatches from Vera Cruz also seem to show considerable doubt of the assassination of General Aguilar, son-in-law of President Carranza and governor of the state of Vera Cruz.

WASHINGTON, May 12.—President Carranza, his cabinet advisers and other adherents, left Mexico City last Friday morning apparently going in the direction of Vera Cruz, the state department was advised today in a message from the American Embassy at Mexico City.

Carranza's train was preceded by numerous trains, carrying troops, equipment, supplies and archives. Artillery and supplies also were held in trains waiting at the railroad station some hours after he left.

The dispatches which were dated May 7, 8 and 9, and which were held up by the interruption of the telegraph lines, quoted an official bulletin published in the Mexico City newspapers on May 8, announcing that 43 cannon, 10 trains of equipment, supplies, etc., and one train with funds, which had accompanied Carranza's train had been captured by the revolutionists. The newspapers of May 8th, the dispatch said, published a statement that there was no confirmation of the report that Carranza had been captured, nor that Generals Aguilar, Murguia, Baragan and Urquiza had been executed.

## High Water Mark Reached.

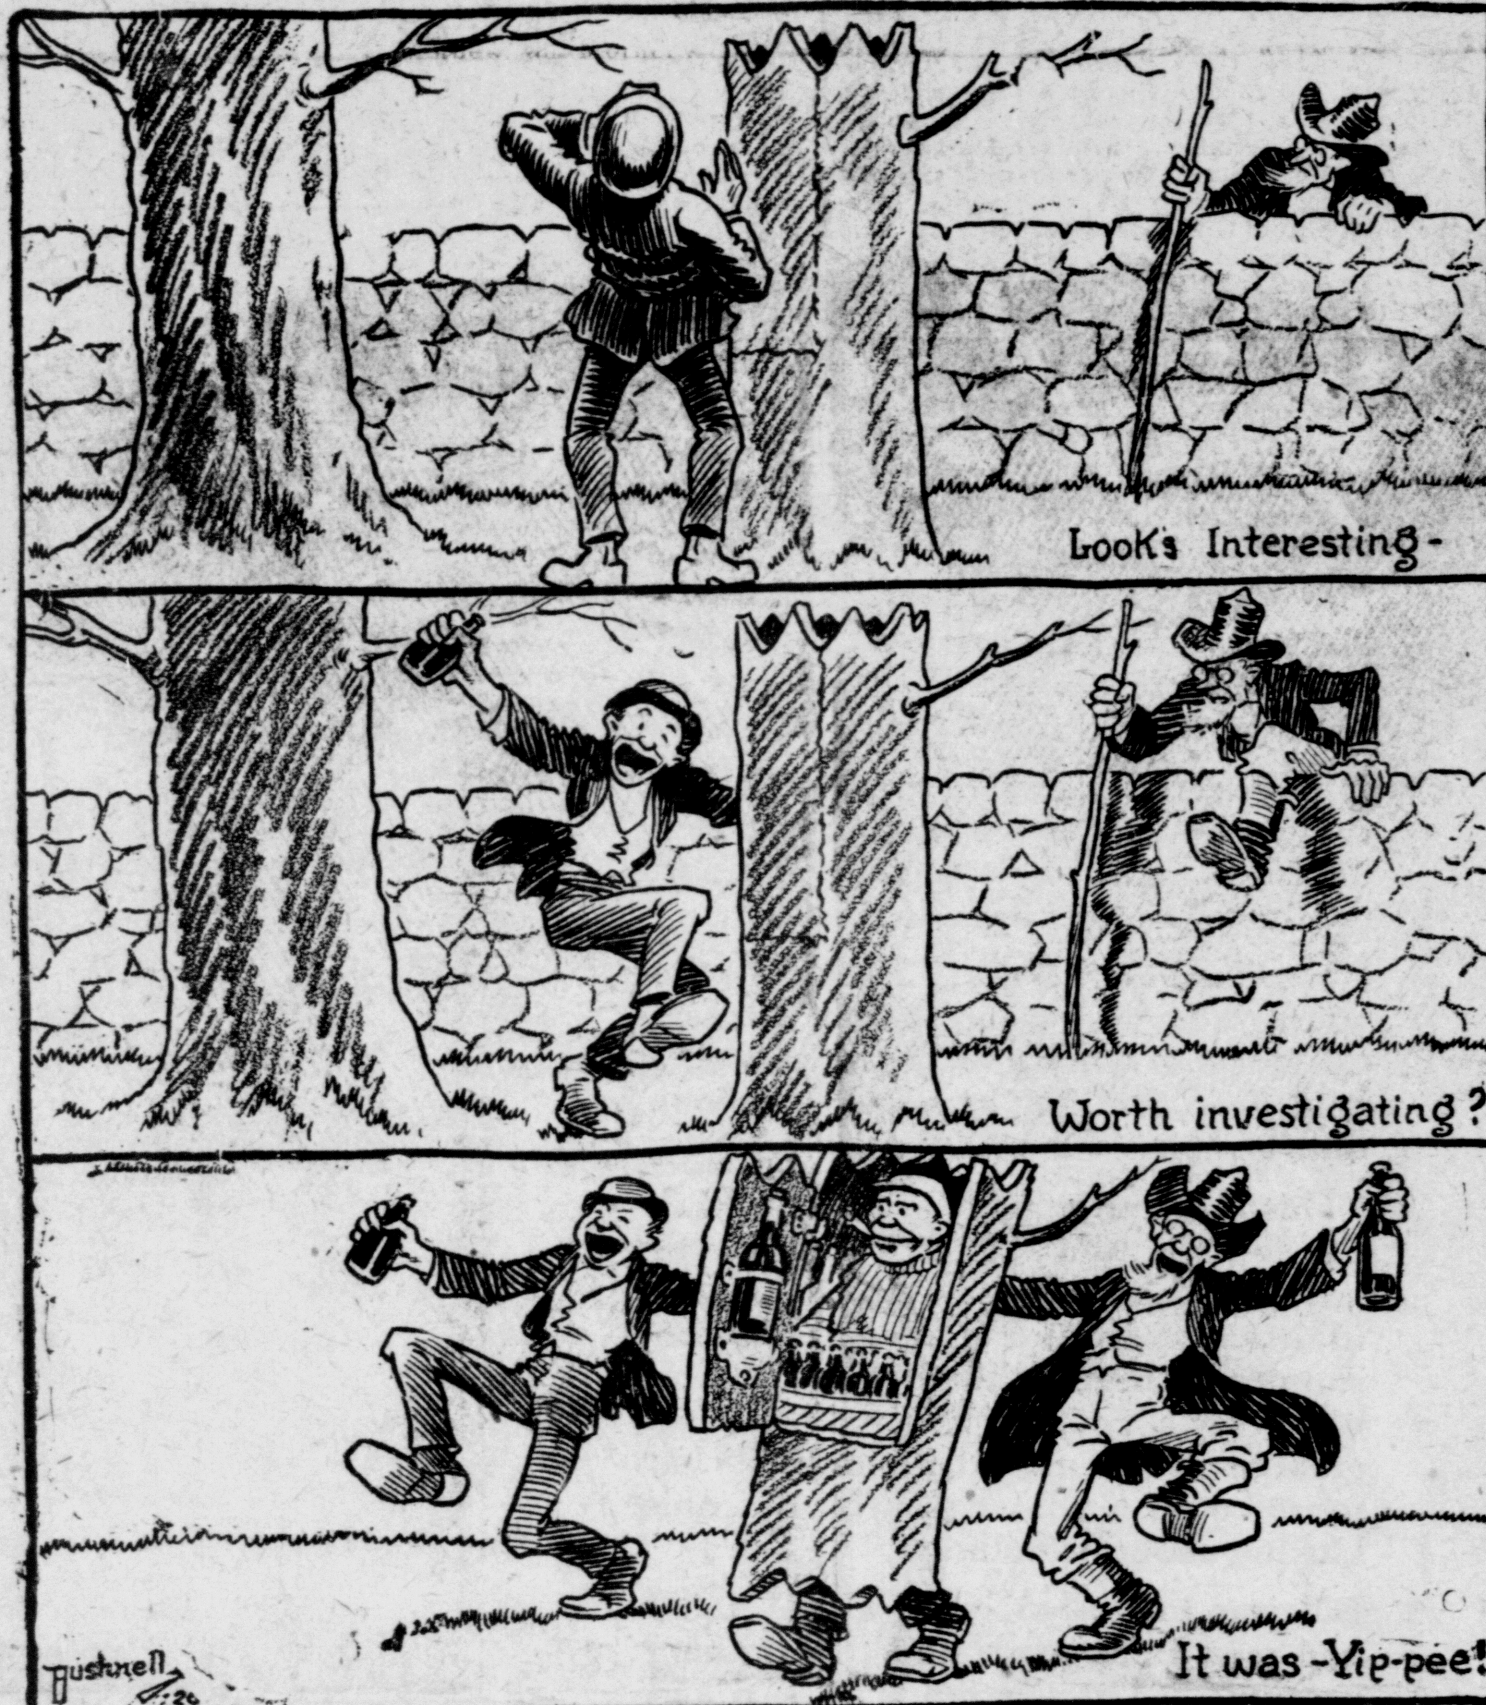

By the Associated Press

OKLAHOMA CITY, May 12.—The crest of the flood in the North Canadian river was reached early this morning, according to persons working at the municipal dam, to keep the bypass embankment from giving away before the force of the water. An investigation made by police officers through the river bottom, in the city, shows that very little water had reached the top of the bank, and that the river was slowly falling. The high water mark reached by the river was 9.2 feet at seven o'clock Tuesday night.

Earliest monuments of Egypt show hieroglyphics in their perfect form.

Price of rice has advanced 20 percent in China in the last few months.

## MOVIE OF A ROADSIDE "BLIND PIG" IN THREE REELS

## PALMER CUTS SUGAR PROFITS

ATTORNEY GENERAL ALLOWS ONLY ONE CENT PER POUND FOR WHOLESALE; TWO CENTS FOR RETAILERS.

By the Associated Press  
BOSTON, May 12.—Attorney General Palmer today said the margin of profit to be allowed on the sale of sugar at one cent a pound for wholesalers and two cents at retail. In a telegram to United States Attorney Boynton, the attorney general ordered that steps be taken immediately to prosecute persons taking larger profit.

By the Associated Press  
WASHINGTON, May 12.—Telegrams were sent by the department of justice today to all United States attorneys, reiterating the department policy of holding the margin of profit of sugar sales to one cent for wholesalers and two cents for retailers.

## Widow Is Trying To Find Comrades Of Dead Husband

Mrs. Lillie McGuire of this city is making strenuous effort to find living comrades of her deceased husband, Tom McGuire.

Mrs. McGuire enlisted in the United States army at the outbreak of the Spanish-American war and was commissioned a captain. He was assigned to D Company of the 40th regiment and lost his life in the third battle of the war at Honolulu in 1898.

Mrs. McGuire made application some time ago, to the war department for a pension and was informed by officials that all records of her husband have been lost and that she will have to find two or more members of the 40th regiment to vouch for her statements. Anyone knowing the whereabouts of former soldiers of this organization may be of help to Mrs. McGuire and help her receive compensation which she deserves.

Information can be communicated to Mrs. McGuire by calling 181 West Main street, Ada, Oklahoma.

Only unmarried clergy are eligible as bishops in the modern Greek church.

Hieroglyphics of Babylonia and China were both developed from picture writing.

## LAST MINUTE NEWS

Hines to Europe

By the Associated Press  
WASHINGTON, May 12.—Walker D. Hines, who retired Saturday as director general of the railroad administration is to leave soon for Europe on a confidential mission for President Wilson.

Piedras Negras Falls

By the Associated Press  
EAGLE PASS, TEXAS, May 12.—Piedras Negras, the Mexican town opposite Eagle Pass was surrendered to the revolutionists at midnight last night. Not a shot was fired. When he entered the town, General Coif, commander of the regiment was greeted with enthusiasm by the inhabitants. Promotion of friendly relations with the United States would be made immediately, he declared.

Revolving Fund Suggested.

By the Associated Press  
WASHINGTON, May 12.—Legislation designed to aid the railroad and shipper, in the car shortage situation by extending the use of a \$300,000,000 revolving fund, provided in the transportation act, from five to 15 years and also amending in other respects was agreed upon today by the senate interstate committee.

For the Peggs Sufferers.

The Evening News this morning sent to the victims of the Peggs tornado a draft for \$71.50, which sum has been contributed by several citizens of Pontotoc county. The following citizens donated the amounts indicated:

Haynes Hardware Co.	\$10.00
T. N. Herron	10.00
J. W. Davis	5.00
R. W. Simpson	5.00
W. M. Peggs	5.00
Forde Harrison	1.00
John McKinney	2.50
Willie Davis	2.00
P. A. Norris	20.00
Orel Busby	1.00
Oklahoma State Bank	10.00

There are a number of people in and near Ada who have intended to subscribe to this fund but have simply neglected to do so. Any amount handed to the Evening News will be forwarded to the people of Peggs. Almost one hundred of these people are still in the hospitals of Tahlequah and Muskogee. You could not give to a better cause.

United States confectionery exports increased ten fold last year.

## APPOINTMENTS OF CITY DADS

NEW FACES SEEN IN MANY DEPARTMENTS; J. P. GOTCHER IS THE NEW CHIEF OF POLICE.

Below is given the names of the new men appointed by the mayor and commissioners to help carry on the work of the city during the coming year:

J. P. Gotcher, chief of police.  
John Matthews and M. L. Cope, policemen.  
G. M. Burnett, sanitary officer.

J. G. Rader, assistant chief of fire department.

J. H. Gay, Clyde Kaiser, Eugene Edsall, firemen.

Appointments in the department of public works and property:  
J. E. England, sexton cemetery; Mrs. Janie Hudson, clerk water department; John Kitchens, pumper Byrd's Mill; A. B. Martin, T. V. Ganey, Rex Reed, water works men.

Street department: J. R. Evans, street sweeper; Mr. Newcomb, team driver.

Dr. S. P. Ross was elected city physician.

J. W. Dean was elected city attorney.

DUNN RETURNS FROM STATE CONVENTION

C. V. Dunn, minister of the Christian church, and Mrs. Dunn, returned last night from Enid, where the state convention of the Christian churches began last Friday and closed Monday evening. It was a very successful convention. There were nearly three hundred and fifty registered delegates. There were times when the fine church at Enid was filled to its capacity. There were two dominant features of the convention, either of which was worth the whole trip to see. One was the two sermons that were preached Sunday by Geo. Hamilton Combs, twenty-five years of Kansas City, now on the editorial staff of one of the great papers of the brotherhood published in St. Louis. Sunday morning he preached on the authority of Jesus, Sunday evening on "Christian Internationalism." The other outstanding feature was a two-hour reading given by Sarah Mildred Wilmer of Chicago, entitled, "The Sign of the Cross." It portrayed in a wonderful way the sufferings of the Christians in the time of Nero. It was a really great convention.

United States confectionery exports increased ten fold last year.

## REPUBLICANS ATTACKED

ADMINISTRATION SPOKESMAN ATTACKS REPUBLICANS AND DENOUNCES REPUBLICAN OPPOSITION

By the Associated Press

WASHINGTON, May 12.—The democrats' attack upon the republican peace resolution was launched today by Senator Hitchcock, administration spokesman, who declared in addressing the senate that the measure was futile and inconsistent, and inimical to the treaty of Versailles.

Mr. Hitchcock cited three similar resolutions, which he said had been sponsored since last November by Senator Lodge, republican leader, and Senator Knox, author of the pending resolution. The latter, Mr. Hitchcock said, is the fifth peace resolution offered by republican leadership. Senator Hitchcock denied that Congress had the power to make peace, although it has authority to declare war. The senate voted unanimously against giving congress peace making jurisdiction, he said.

## COURT HOUSE BONDS FAIL IN SEMINOLE

WEWOKA, May 12.—(Special)—

In the election held yesterday to determine whether Seminole county should issue bonds to build a court house the issue failed to carry lacking twenty seven votes of the necessary sixty percent. The vote was 3,161 for the bonds and 2,153 against. The election was quiet and orderly throughout the county. The eastern and southern sections of the county cast heavy majorities for the bonds, while the western part of the county voted strongly against it.

Good Crop Report

By the Associated Press

OKLAHOMA CITY, May 12.—A favorable crop week with seasonable temperatures, unsettled weather and general rainfall is noted in the synopsis of weather and crop conditions in Oklahoma, for the week ending May 11th, issued here today by the federal weather bureau. Satisfactory growth is noted during the week for corn, wheat, potatoes and truck crops. Much of the oats, however, is weedy, and the crop prospect is declared to be "much below the average." Planting of Kaffir corn and broom corn is under way in the southwestern portion of the state, according to the report.

## Former Ada Boy Is A Candidate Down In Coal County

Clarence E. Wallace of Central is a candidate for county treasurer of Coal County, which will be pleasing news to his friends in Ada, where he formerly attended East Central Normal and where he is familiarly known as "Bugs" Wallace. During his course at East Central he developed into one of the star athletes and football players in Oklahoma.

At the beginning of the war Wallace entered the service as a volunteer and went to France with the "Rainbow" division. This division saw service in practically every drive in which the American troops had a leading part. It was in the trenches on the Luneville front twenty days and was on the Baccarat front one hundred ten days. Single handed this division held the Germans in the Champagne while marines and regulars were beating back the attacks at Belleau Wood. The Rainbow was then rushed to Chateau Thierry and took a leading part in the fighting at Serre, Serre, one Ourcq, and at Fere-en-Tardenois. It afterwards fought at St. Mihiel, cut its way thru the Argonne, and was at Sedan when the armistice was signed. It hiked across Belgium and Luxembourg and did several months guard duty on the Rhine. It reached Hoboken, April 25, 1919, and among all those thousands of American youngsters none saw more service or more dangerous service than "Bugs" Wallace.

There are a lot of people in Ada who will watch the campaign in Coal county with more than ordinary interest this year just because "Bugs" Wallace is in the race.

Weather Forecast

Fair tonight and cooler. Thursday cloudy.

## LETTER TO SIMS BEFORE SENATE

PRESIDENT WILSON WAS SURPRISED THAT GREAT BRITAIN DID NOT END THE SUB MENACE.

By the Associated Press

WASHINGTON, May 12.—A confidential cablegram from President Wilson to Rear Admiral Sims in London, sent during the war, was committed today by Secretary Daniels. It expressed surprise that the British Admiralty had failed to "use Great Britain's great naval superiority effectively against the submarines and called on Admiral Sims for comment and suggestions based on "independent thought," and without regard to "judgment of any on that side of the water."

The admiralty was "helpless to the point of panic" in the face of the submarine situation, the message said.

"Every plan we suggest they reject for some reason of prudence," Mr. Wilson said. "In my view this is not a time for prudence, but for boldness even at the cost of great losses."

In the conclusion, President Wilson asked Admiral Sims to advise him as he would give advice "if you were running a navy of your own."

Admiral Sims' reply, said Secretary Daniels, who presented the president's message in connection with his answer to Sims' charges against the navy department's conduct of the war, was a long telegram of generality of what the British Admiralty was doing.

Mr. Daniels also read a letter from Admiral Sims to former Ambassador Page at London, written August 7, 1917, which in part said:

"In this connection I have a suggestion to make. I have received word, practically directly from the president that he was much displeased with my reply to his cablegram; that it did not change his opinion at all; that he regards me as owned by the admiralty, and so pro-British that he seriously considers the advisability of replacing me by some other officer."

Admiral Sims' reply to the president told also of plans for a combined sea and land attack to turn the German right flank and cut off Zeebrugge as a provisioning base, Mr. Daniels said.

"That was the kind of 'bold and audacious thing' the president and navy department had been urging from our entrance into the war," declared the secretary. "But even then, Admiral Sims said it had not been definitely decided upon by the war council, although the daring and successful attack on Zeebrugge came much later. It might have been a very different story if it had been undertaken earlier, when the navy department was urging some such bold plan, all of which Admiral Sims thought 'impracticable' when urged by the navy."

## "\$30,000" GIVES KERRIGAN HIS FILL OF ADVENTURE

J. Warren Kerrigan's latest Brunton production "30,000," released by W. W. Hodkinson, will receive its initial showing at the Liberty Theatre. It is a lively adventure play of New York society life by H. B. Daniel, the well known American novelist who wrote "Snobs," "What's Money?" and "Timber McKee."

In this clever, swiftly moving story Kerrigan more than justifies his reputation as America's most popular screen actor. He is cast as an adventure-loving young lawyer who continually gets himself into trouble for the sake of others. One morning a beautiful young woman comes to his office and asks him to help her recover a valuable diamond necklace which has fallen into the hands of a master crook and gambler. He readily consents and within a few hours finds himself plunged into seven different varieties of excitement, not unmingled with danger.

The supporting cast of "30,000" numbers some of the most popular players of the stage and screen notably Fritz Brunette, Nancy Chase, the famous English stage beauty who is making her first appearance on the silver sheet. Joseph J. Dowling and Arthur Millea. Ernest C. Warde, former stage director for Richard Mansfield, was in charge of production.

## ROLAND FILES FOR REPRESENTATIVE

R. C. Roland of Ada filed yesterday with the state election board at Oklahoma City as a candidate for the democratic nomination for representative from Pontotoc county. He is the first candidate for this office to file. Under the legislative apportionment Pontotoc county is entitled to only one representative in the next legislature.

Let a Want Ad get it for you.

## Commissioners Proceedings

Minutes of the proceedings of the Honorable Board of County Commissioners of Pontotoc County, Oklahoma, held at the office of the County Clerk, in and for the said County and State, on the 19th day of April, 1920.

Present: W. H. Brumley, Chairman, J. I. Laughlin, Commissioner, M. Garner, County Clerk.

Absent: H. F. Bibb, Commissioner. The Board met for the purpose of receiving bids for the construction of a bridge on Canadian Sandy Creek as per the advertisement published. There being no bids submitted the letting was continued till the next regular meeting.

There being no further business the board adjourned.

W. H. Brumley, Chairman.

Attest: M. Garner, County Clerk.

Minutes of the meeting of the Board of County Commissioners of Pontotoc County, Oklahoma, held at the office of the County Clerk on the 3rd and 4th days of April, 1920.

Present: W. H. Brumley, Chairman, J. I. Laughlin, Commissioner, M. Garner, County Clerk.

Absent: H. F. Bibb, Commissioner. The following business was transacted:

Before the Board of County Commissioners of Pontotoc County, State of Oklahoma.

Whereas: H. F. Bibb was elected to the office of County Commissioner from Commissioner's District No. 3 of Pontotoc County, State of Oklahoma, at the regular election in November 1919 and,

Whereas: He qualified for said office in July 1919, and,

Whereas: He has not attended a meeting of the board of County Commissioners since the First Monday in February, 1920, and

Whereas: He has moved out of the County and out of the State, and

Whereas: He has abandoned this County and State, and said office, and by reason whereof, there now exists a vacancy in said office, and

Whereas: The interests of the people of said District require that said vacancy be filled;

Now therefore, be it resolved by the Board of County Commissioners of Pontotoc County, in regular meeting,

That a vacancy exists in said office of County Commissioner for Commissioners District No. 3, Pontotoc County, Oklahoma, and said vacancy is hereby declared to exist, and be it further resolved that the Governor of the State of Oklahoma be and he is hereby requested to make an immediate appointment of some qualified person to fill said vacancy.

Passed and approved this the 3rd day of May, 1920.

W. H. BRUMLEY, Chairman Board of County Commissioners, Pontotoc County, Oklahoma.

J. I. Laughlin, Commissioner.

SEAL Attest: M. Garner, County Clerk.

Claims were audited and allowed

**BOWELS SO BAD HE TOOK QUART OF MINERAL WATER A DAY**

Mr. Whitesides was in a bad way. Tells how he got over it.

"I suffered for years with stomach trouble and constipation. I got so I could eat nothing but soft food and had to take a quart of mineral water a day for my bowels. I decided to try Milk Emulsion and have used 3 bottles. The results have been wonderful. The soreness left my stomach, I can eat solid food, my bowels have improved and I feel like a new man. Anyone suffering as I did should lose no time in starting on Milk Emulsion."—M. F. Whitesides, 214½ S. 6th St., Springfield, Ill.

The more physics you take, the more you'll need. Break away from them. Milk Emulsion costs nothing to try.

Milk Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

OUR NEW SEPIAS are prettier than ever.

We are improving all the time.

**HAS NO PAIN NOW**

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Warner.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and I can do my housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good in female weakness, and you may use these facts as a testimonial."—Mrs. LESTER E. WARNER, 1018 Pine St., La Crosse, Wis.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

ham's Vegetable Compound had done for other women and decided to try it.

Kansas City Bridge Co.—13,744.00 Contract.

This agreement made on May 4, 1920, by and between the Boardman Co., party of the first part, (hereinafter designated as the contractor) and the board of county commissioners of Pontotoc County, Oklahoma, (hereinafter designated as the board.)

Witnesseth, that the contractor, in consideration of the agreements herein made by the board, agrees with said board as follows:

I. The contractor will provide and act, complete in place, in accordance with the plans and specifications now on file in the office of the county clerk, the following bridge:

1 70'x18' riveted span over Big Sandy creek about 1 mile west of Ada.

Add or deduct for concrete 25.00 per yard.

Add or deduct for wet exc. 4.00 per yard.

II. No alterations shall be made in the original plans and specifications, except with the consent in writing of both parties hereto.

Should any alterations be made which will affect the cost of the work, the board and the contractor shall mutually agree in writing, regarding the amount to be added or deducted from the original price before the contractor shall make such alterations.

III. The contractor will at all times provide sufficient, safe and proper facilities for the inspection of the work by the board or its representatives.

IV. The contractor shall perform the work in such a manner as to block as little as possible, any traffic over or around the bridge; but if the contractor shall consider traffic of any kind whatsoever, dangerous, he shall have the right to close the road by putting up prominent signs at each side of the work, and the contractor cannot be held liable for any accident caused by traffic disregarding said signs.

V. The contractor shall complete the work comprehended in this agreement within 150 days from the date of this agreement; but should the work be delayed by the elements or by the non-delivery of the material by the railroads or mills, or other causes beyond the control of the contractor, then the time shall be extended for a period equal to the time lost by aforesaid causes, and the contractor shall not be liable for any damages caused by said delay.

VI. It is hereby mutually agreed between the parties hereto, that the sum to be paid by the board to the

contractor for said work and materials shall be \$11500.00 plus the piling which will be furnished in place for \$1.50 per lineal foot.

VII. The board agrees to pay the contractor in current funds, or legal warrants 60 per cent of the total price of such bridge when all the steel for that bridge is unloaded at Ada, Okla., and the balance of the total price of each bridge at the first regular meeting of the board, after each bridge has been accepted by the board.

VIII. The material and workmanship entering into the construction of this work is guaranteed by the contractor for a period of one year from date of acceptance by the board, and the contractor will repair or replace any broken part whose failure has been caused by faulty material or poor workmanship, at no cost to the board, within the aforesaid period.

IX. The contractor agrees to furnish a good and sufficient bond, acceptable to the board, for \$11500.00 to guarantee faithful and complete performance of this contract.

X. It is further mutually agreed

by and between the contractor and he board and this agreement constitutes the entire and only agreement between the contractor and he board and any and all agreements, verbal or otherwise, not embodied in this contract, are hereby declared null and void and of no effect, between the parties hereto.

In witness whereof the parties to these presents have hereunto set their hands the day and year first above written.

The Boardman Co., By R. S. Thompson.

He offered me a drink!

Down East last week I met Bill Smith, my old college roommate. I hadn't seen him since the good old days and when he said: "Let's have a drink!" it sure did sound like old times. I agreed just to see what he had to offer.

He led me into a drink dispensary where there were at least a couple of hundred different kinds of pop, ginger ale and goodness knows what else on sale.

"Two bottles of Buck!" he said to the young lady, and what should she trot out but that same good old Buck that I have been drinking at home for a long time now.

"This is the only really satisfying drink I've found," said Bill. "To me it's as good as real beer ever was. It has the identical taste and it sure is a thirst-stopper. Another thing—I find it stimulates my appetite at mealtime and is a great bracer on a hard, hot day. What more could a fellow want? I've quit kicking about prohibition."

Bill was interested when I told him I had seen Buck made and that nothing goes into it but selected rice, corn and barley and a little hops for flavor. That's why it's so pure and why so many cases go into homes today. Suppose you try a bottle of Buck. I bet you'll like it as well as we do. It sure hits the spot. Look for the name on the cap.

## SPORTS

## Optimism Prevails

By the Associated Press

COLUMBUS, Ohio, May 12.—There is a feeling of optimism prevailing at the Ohio State university over the prospects of the 1920 football eleven as a result of the material uncovered during spring football practice.

The spring workouts brought to view several men of promising football ability, among them a fullback candidate named Aten, who had some prep school experience and handles himself like a veteran. He is a 200 pounder and is six feet one inch tall. Other back field stars are Nesbit, Workman, Doig, Henderson, Isabel, Osborn and McClinton. Doig is from Cleveland, where he played half on the Case varsity eleven.

## Amateur Baseball Tourney.

AKRON, Ohio, May 12.—Tentative plans have been made by the American Industrial Athletic association to stage an amateur national baseball tourney this summer with competition open to industrial teams from all parts of the country. The site for the tournament has not been selected. It is proposed to divide the country into sections. Each section will play through an elimination series, the winners meeting in the finals for the championship. There will be 12 districts.

## Tennis Tournament in Chi.

CHICAGO, Ill., May 12.—The annual intercollegiate tennis tournament will be held as usual this year on the courts of the University of Chicago, from May 27 to 29.

## Boxing in Kentucky.

By the Associated Press

LOUISVILLE, Ky., May 12.—Twelve round no-decision boxing contests under supervision of a state commission became legal in Kentucky June 15. For years an anti-prize fight law has been on the statute books which has operated to bar almost any kind of a ring contest. This measure is still in effect but a new law passed by the last legislature becoming operative in June contains an exemption clause.

This provision provides protection for clubs and boxers operating under a license system in about the same manner that the state racing commission protects the race tracks to which it issues licenses. Gloves are limited to six ounces.

The commission which is to be composed of three persons, will work out the rules for the conduct of matches. It has the power to license or refuse a license to any club or person desiring to promote a contest. It may not issue license

to a non-resident of the state, and a non-resident is defined as a person who has not resided in Kentucky for three consecutive years.

Licenses will cost \$500 each. Five per cent of the gross receipts of each match must be set aside for the state.

The office of boxing commissioner carries no salary. Its annual expenses are limited to \$5,000. This is to include salary to a secretary and travelling and other expenses of the commission.

## New Athletic Association.

CRAWFORDSVILLE, Ind., May 12.—A plan to form a new athletic organization which will include colleges of Indiana, Illinois, Michigan, Wisconsin, Ohio and Kentucky, has met with favor among Wabash athletic authorities. The new organization as planned would be comprised of institutions outside of the Western conference that have shown unusual strength in sports.

De Pauw University and Wabash College are among the Indiana schools which are reported to favor such an organization. These schools have withdrawn from the Indiana Collegiate Athletic league. Others considered as likely material for membership are James Milliken University, Knox and Monmouth colleges in Illinois, Marquette and Beloit in Wisconsin and the Michigan Aggies.

## GETS VERDICT OF ONE CENT FOR CAR

By the Associated Press

AKRON, O., May 12.—Miss Etta McCoy gets one cent for her automobile.

Some time ago Miss McCoy loan

ed her \$1800 car to a friend in Kentucky. The friend purchased some whiskey in West Virginia and put up a bill of sale on the car as security. On the way back the whiskey was stolen.

John Durkin, chief of police of Akron, acting under orders from the municipal court, confiscated the car. It was turned over to the original owner of the whiskey.

Miss McCoy then sued the police chief. She had no papers to prove her ownership of the machine and got a verdict of 1 cent.

Chief Durkin wonders why he has to pay so much as that toward replacing the car. "It isn't the money," he says, "so much as the principle."

## Ohio Leads in Rubber

AKRON, O., May 12.—Ohio leads all states in the production of rubber goods. Figures published by the Akron Chamber of Commerce show that Akron produces 41.4 per cent of all rubber goods manufactured in the United States and 65 per cent of the tires.

During 1919, the report says, Akron produced rubber goods valued at \$427,796,000, while the country's production exclusive of Akron, amounted to \$667,204,000.

## It Adds a Wealth of Joy to Family Life

The Cleveland Six adds joy and recreation to the family life in a most unusual degree. It is such a comfortable car, so easy to drive, so distinguished in its refined appearance, that the mother and the children find real delight in it.

And the Man of the House, no matter how critically inclined he may be in mechanical matters, finds in the Cleveland Six a triumph in motor car construction, a car which he will drive with enthusiasm.

The Cleveland Six touring car seats five in comfort. The soft cushioning and the low, under-slung

spring suspension, wipe out the road-bumps. The car is handsomely finished and the upholstery is of genuine hand-buffed leather.

And the motor! If you want to know what a motor it is come in and see the car. Ride in it. Drive it yourself. Then you will know. There are few motors indeed that can compare with it in actual performance.

Touring Car (Five Passengers) \$1485  
Sedan (Five Passengers) \$2295

Goodyear Leadership—  
and Tires for the Smaller Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for the smaller cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

Last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure  
Fabric, All-Weather Tread \$23.50  
30x3½ Goodyear Single-Cure  
Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of \$4.50 less merit. 30 x 3½ size in waterproof bag. \$4.50

## THE STATE'S LONGEST ROADS

Southeastern Oklahoma is coming in out of the mud. Four of the largest counties in Oklahoma, all lying along the Red River or in the edge of its valley, have bonded themselves to the limit to build permanent roads.

The empire of McCurtain started the road building crusade, to be joined a few weeks later by Choctaw. The good example of these counties was infectious and Bryan county just to the west of Choctaw soon joined in the procession. Last week Johnston county voted her quota of road bonds by the almost unprecedented ratio of more than four to one.

From Frog Spur on the Arkansas line to Mill Creek on the Frisco it is 150 miles as the crow flies. Running between these two villages if not touching them is the Bankhead Highway, one of the proposed national highways of the country. The fact that these four great counties have provided the money means that the Bankhead Highway will be built thru these counties. Thus a permanent road that may be traveled rain or shine will soon be found wending its way for 150 miles through the hills and valleys of Southeastern Oklahoma.

Much of the country to be covered by this net work of macadam is virgin territory. Down among the mountains of McCurtain are some of the largest undeveloped areas in the southwest. Choctaw has tens of thousands of unbroken acres. Bryan is better developed but is still a new country. Much of Johnston is an undeveloped wilderness. Soon the inhabitants of those primeval forests will see one of the country's finest highways passing by their doors. The Mill Creek citizen will find himself within five hours of Ashdown, a trip of several most laborious days and impossible at many seasons just now.

There is a lesson in the Bankhead Highway and in the course pursued by these four counties for the people of Pontotoc County, if they will only learn the lesson. While trade may follow the flag it is a shining certainty that civilization and immigration follow roads. Trade and expansion of business and erection of factory walls will follow the permanent roads. Soon the county without permanent highways will be off the map. Already the hard surface highway has been planned to our southern boundary. We must get in the game or check out for keeps.

Now congress is afraid to legislate on the bonus question till after the national conventions. Then it will be afraid to legislate till after the November elections. Then it will decide that it ought not to legislate until after he inauguration of the next president.

We know of several men who are traipsing over Oklahoma telling the people how to vote who would have faced a firing squad or a tar party if they had only come out of hiding two years ago. We didn't need them then—we won't have them now.

Democrats are far from united, but if you happen to hear a man whooping it up for the American army or navy and bragging about our winning the war, you can accept it as a cinch that he is a Democrat.

Now Tulsa boosters are looking for a good ship to carry them to San Francisco by way of Havana and the canal. They might buy Hank Ford's "Peace Ship" or the "Soviet Ark."

It begins to look as if Mr. Hoover threw away a fighting chance for the Democratic nomination for a chance to fight for the Republican nomination.

The chances are that if the people had the power to name the presidential candidates this year they wouldn't name the ones who will be nominated.

Lots of papers get out special Sunday editions, but the Daily Oklahoman is the first paper we ever knew to get out a Sunday edition every day.

Many pious people pay their way to the state capital to hear Billy Sunday, who haven't paid their own pastor two bits since his ordination.

Nobody is entirely without friends. Even congress has millions of friends in Germany.

A house that you couldn't use when it rains would be just as good as a road you can't use when it rains.

## The State Press

Muskogee Phoenix: America is solid for the league plan that offers a pennant to the winner.

Miami News: If the Rotterdam strike has really been settled in a way to please everybody, why not drop the last syllable?

Miami News: An alliance of Germany, Russia and Japan is predicted. Jap, kulture and cootie would make a formidable combination.

Miami News: The news that Americans in Ontario may import liquor will make it hard on those who have concessions at American summer resorts.

Miami News: The reason profiteers feel secure is because they know Washington won't send a few cruisers to protect the rights of American citizens.

Vinita Journal: Sugar teats are alright for the young, but this paper never did favor handing them out to make them do their best in civic improvement.

Vinita Journal: A number of politicians attended the press association meeting at McAlester last week. But we did not observe the editors spending much time with them and none were asked to make talks. High price newspaper and wages are making the average editor a better business man, but bad politicians, as politics is a poor paymaster.

Norman Transcript: Presidential candidates might well take lessons from some of the candidates for student offices at the university. money for campaign funds or printed propaganda so they specialize on verbal and personal politics. The way they "pull wires" would make a Tammany Hall ward boss of the old days look like an amateur.

## LUXURY BUYING IMMENSE IN N. Y.

NEW YORK, May 12.—Luxury buying in New York is now going on at the rate of \$1,200,000,000 a year judged by the amount of luxury taxes—aggregating \$10,500,000 a month—which are being collected by William H. Edwards, United States Collector of Internal Revenue for Manhattan. In February, according to the Collector, the government received from his office \$2,000,000 more in luxury taxes than was paid in any previous month in the history of the department. The month of April probably will exceed them all. The receipts he says, have been mounting higher and higher for six months. "What some people call the 'orgy of spending' has not exhausted itself," said Mr. Edwards today, "but my men, in their talks with merchants and others who pay the great bulk of the taxes, have been told that the 'peak' of extravagance seems to have been reached and

that a period of retrenchment is close at hand.

"We hear a lot about the income and excess profits tax which falls due in the Spring of every year and about the hardships of meeting it but the fact is that the steady tax, and one which is least felt by the public and of which we hear very little is the luxury impost. The poorer chap who buys his girl an ice-cream soda doesn't grumble at the penny or two tax any more than does the rich youth who presents his fiancée with a diamond tiara or a touring car. Neither misses it as the item is so small as compared with the expenditure.

"A king's ransom was spent for candy last December but the biggest revenue came from dealers in jewelry, furs and automobiles. The theaters showed that in January they did an unusually prosperous business. When persons start to economize they usually cut out amusements but in January, in the borough of Manhattan alone, \$783,891.43 was paid in taxes. Multiply that by ten and you will get some idea of how much Father Knickerbocker and his guests are paying to be entertained at just the theatres. There are no indications of any panic in these figures. The man who said: 'Always be a bull on the great U. S. A.' seems to be vindicated.

"An interesting thing about the luxury tax is that more revenue is being derived from ice-cream sodas and other small scales which carry a penny or two of tax than there is from the sale of motor cars, diamonds and other luxuries. Druggists paid a large sum on expensive perfumes and cosmetics. Every manufacturer, producer or importer is required to make such returns as will clearly show each taxable transaction in the sale of certain goods and these are verified by revenue officers. Section 904 of the Revenue Act of 1913 provides that 'on and after May 1, 1919, the tax of 10 per cent shall be levied and collected on luxuries, including many kinds of expensive articles in daily use. In the sale of these articles the dealer acts as a collection agent for the government. Other taxes are paid in the form of stamps.

"One of the reasons for the falling off in the receipts of income and excess profits taxes this year was the deduction which the taxpayer made for sums which he paid to the government for luxury, proprietary and other taxes. Here is an illustration: Let us say that a man takes his wife to the theater twice a week. He pays \$6 each time he goes for two tickets. The tax on each of the seats is 30 cents. On four seats a week he pays \$1.20 and in one year \$62.40. He is privileged to deduct that from his net income before computing his income tax. The same rule would apply to any other tax he may have paid to the government during the year. A person, however, is required to prove that he actually expended the money for luxuries if any question is raised on his return. There have been comparatively few attempts at evasion. In fact, the amount received by this office in luxury, and other taxes in a monument to the honesty of the majority of the people of this great city."

## TIME TELLING THROUGH THE AGES

6—The "Nuremburg Egg"

Reproduction of  
Capt. H. Ingersoll & Bros.

The watch in your pocket was hatched from the egg-shaped timepiece shown in this illustration. You would think it crude and clumsy, but Peter Henlein, its creator, felt it to be decidedly neat. It was clumsy, by our standards, it bulged the pocket and it kept poor time, but it was the first real ticking timepiece which could be carried in the pocket, and think what that must have meant to its sixteenth century possessor! The "Nuremburg Egg" was another step on the way toward making mankind efficient.

Get it at Gwin &amp; Mays.

Have your photo made at West's.

Dr. Ella D. Coltrane, Osteopathic physician. Phone 1002. 5-1-tf.

M. S. Chilcutt was a Coalgate visitor Tuesday.

Mrs. P. A. Pollock visited friends in Stonewall today.

Truman Bennett of Stuart is visiting friends here today.

Mrs. Birdie Luster is visiting with friends in Dallas, Texas.

Val Land went to Oklahoma City this morning on business.

Mrs. B. M. Bobbitt is in Sherman, Texas, visiting relatives.

Gale Statler returned today from a business trip to Purcell.

Dad Warner of Holdenville was here today visiting friends.

Mrs. T. H. Capps and little son, Troy, are visiting friends in Durant.

R. M. Armstrong of Tupelo was a business visitor in the city today.

J. R. Young of Ahlosa was in the city today looking after business interests.

Forrest Brunner left yesterday for Chicago, where he will attend an electrical school.

Judge U. G. Winn has returned from a business trip to various points in Texas.

Lahah Laxton of Oklahoma City is here visiting his mother, Mrs. Audrie Duncan.

Mrs. B. A. Pratt and two children left yesterday to visit relatives at Dodge City, Kansas.

Dr. J. A. Deen, who has been sick for some time, is reported as being much better today.

Mrs. M. H. Cunningham of Shawnee visited her sister, Mrs. J. L. Miller, here this week.

Mr. and Mrs. R. A. Saunders of McAlester are in the city looking after business interests.

Joe T. Davis of Poteau has been in the city this week organizing a local lodge of the A. O. U. W.

Mrs. Fred Cox, who has been suffering with an attack of appendicitis, is reported as being much better today.

Mrs. Walter Metz of Washington, D. C., will arrive in this city today for a visit with the family of Paul G. Cox.

Fay Peden was called to Tupelo to attend the bedside of her father, B. R. Peden, who is reported as being very ill.

R. C. Roland returned last night from Altus where he had been looking after some cases in the Jackson county courts.

Langford Shaw returned to Dallas yesterday after a visit with his father, S. M. Shaw. He is attending Southern Methodist university.

John Bain returned last night from a business trip to Tulsa. Mr. Bain has charge of the repair department of Coon's jewelry store.

Dr. B. F. McNeal returned Tuesday to his home in Swifttown, Mississippi. He has been looking after his business interests in this city.

M. C. Wilson and Miss Ernestine Shelton went to Holdenville today to assist in the opening of the new store there acquired by Mr. Wilson and associates.

J. S. Baker of Ardmore visited friends here today. Mr. Baker has lived in this section of the country for 40 years and has a very extensive acquaintance.

Mrs. A. N. Russell, who has been in the Wesley hospital in Oklahoma City for some time, arrived here today and her condition is noted as being greatly improved.

Mrs. Thelma Swain went to Okmulgee yesterday where she will help out for a few days in the telephone office there Mrs. Swain is cashier of the Ada office of the telephone company.

Miss Ina Ross returned today to her home in Stonewall after a visit to relatives here. She was accompanied home by her little niece, Miss Tersie Carson, who will spend several days visiting in that city.

Frank Chambers, Jr., was seriously hurt at the family home at 705 East Ninth street Monday afternoon. The little fellow was playing on the sidewalk in front of the home. He threw a .22 rifle cartridge to the sidewalk with the result that it exploded and the bullet struck him in the face. He was given medical attention and is now doing nicely.

W. H. Nesmith of Muskogee was in the city today. Mr. Nesmith has charge of the engineering department of the Osage Cotton Oil Co. He states that the company will here handle 16,000 tons of cotton seed last year and are making improvements that will make it possible for the capacity to be doubled for the coming season.

The Young Married Folks' Class of the First Methodist Sunday school will hold a business meeting at the church this evening immediately after prayer meeting. The class has also agreed to meet early and attend the prayer services in a body.

Mayor Warns Motorists.

The attention of motorists in Ada is called to the ordinance forbidding speeding in the city limits and forbidding driving anywhere in the city limits with open mufflers. Some drivers are under the impression that the law requires mufflers to be closed only in the downtown sections, which is a mistake, as the law covers the entire city. Violators of these ordinances will be prosecuted relentlessly, and it is necessary, the entire police force will be put after those who are violating these ordinances. This is the last warning. Respectfully, GARY KITCHENS, Mayor. 5-12-3td

## Automobile Notes

Auto Races May 15 and 16

The following items about the big auto races to be held at Coalgate next Saturday and Sunday are taken from last week's issue of the Coalgate Record-Register:

Several noted dirt track drivers enter their cars in auto races to be held at the fair grounds Saturday and Sunday, May 15th and 16th.

The large purses offered are expected to bring many more entries before the entries close.

Elfrida Mais, holder of the two gold championship medals, will attempt to lower her half mile track record which she now holds at Great Bend, Kansas, having driven a mile on a half mile track in 1 minute and 8 seconds. Her mile record which is the world's record for women drivers, she holds at St. Louis established in 1915.

This will be Coalgate's only opportunity to see America's greatest woman driver, who holds the world's mile and half mile track record for women.

Harold Roller of Abilene, Kansas, has entered his Ford. Mr. Roller owns the fastest Ford racing car ever built. This Ford averaged 105 miles per hour for two miles in Florida this winter on the beach.

Mr. Roller will arrive some time next week and make headquarters at the Ford agency.

Leo Rice, well known Oklahoma driver, will arrive in the city the end of the week with his famous Dodge racing car. The racer can be seen at the Dodge agency. Rice is from Ardmore, Okla.

Another fast Dodge was entered by a McAlester man. Not much is known of this car and no driver named.

John Mais of Indianapolis, Ind., will be in Coalgate with his Essex car the first of next week. This Essex is favorite from coast to coast, as it has won much first money, and is a special half mile track car.

A Chevrolet, owned and driven by John McCully of McAlester, has been entered. McCully has rebuilt his car and expects to make a good showing.

Tulsa, Okla., is also represented by a Hudson racing car. The driver is Roy Meecham, a noted motorcycle rider and race driver. This Hudson was owned by John Bolling, a wealthy oil man in Tulsa last year.

Green Breed will have his Hudson enter. Every race fan in Oklahoma, Texas and Kansas knows Glenn Breed. His reckless driving has made him the favorite of all dirt track drivers. Its worth the admission just to see Breed drive. It makes your blood run cold to see this driver skid around the turns and pass his competitors.

The track will be in good condition and every arrangement will be made to accommodate a large crowd. The races will start promptly at 3 o'clock and there will be six thrilling events. Admission will be \$1.00 and 10c for war tax. Don't forget the date, May 15 and 16th Saturday and Sunday.

## Autos Featured by Circus.

In 1898 a circus was announcing the exhibit of a 'horseless carriage' among the freak wonders to be seen under the 'big top'. But today the world's largest circus is using an automobile as one of its foremost attractions. The car, an Essex finished in silver and white, is used to convey the stars of the sawdust circle into the arena. As its first appearance is after an act filled with hair raising equestrian stunts, it serves to emphasize the dignity, comfort and beauty of the automobile and provides a graphic illustration of the giant strides made by this industry in the past two decades.

Harold Roller of Abilene, Kansas, was in Ada last night on his way to Coalgate to appear in the races there Saturday and Sunday. Mr. Roller uses a Ford car which is said to be the fastest Ford in the world. He made a record of 105 miles an hour in Florida during the past winter. The Ford was in the garage of Fred Ford in Ada last night.

A telegram from Grant Irwin states that he has left Flint Michigan, with his new Buick cars for his Ada customers.

The Emanuel-Overland Motor company reports the sale of an Overland four to Henry Young of Ada, and the sale of an Overland six to C. H. Hummelt, of Ada.

## Clarita Team Is Coming To Try Us In Baseball Game

Manager Coleman announces that a baseball game has been arranged for next Sunday between the Ada team and the team from Clarita, Oklahoma. The game will be played at the local fair grounds.

The Clarita team is practically the same men who played in Ada two Sundays ago. The towns of Clarita and Tupelo are near to each other and the ball teams are made up of men from both towns. The same battery, Moran and Stagner, will oppose Ada in the game next Sunday.

## Liberty.

Billy Wehle's attraction, "The International Revue," Picture program, J. Warren Keirigan and his own company, in "30,000." A wonderful romance on the trail of a vanishing bank roll, abounding in this and comedy.

## CHURCHES

## Prayer Meeting—Christian Church

At the church tonight those present at the prayer meeting will study the 11th chapter of the Book of Romans. This is one of the greatest chapters in the whole book, and it is hoped that many will take advantage of this opportunity to understand it. The meeting will be at 8 o'clock and continue one hour.

## To Preach Graduation Sermon

C. V. Dunn, minister of the Christian church, will preach the graduation sermon to the high school of Calvin, Okla., next Sunday morning. He will return in time to preach in Ada Sunday evening. On the following Sunday morning he will preach the graduation sermon at Roff.

## Last Sermon on Book of Revelation

The last of a series of sermons on the Book of Revelation will be preached Sunday evening in the Christian church. In this sermon the minister will bring together the great facts of the book and present them in outline. This sermon will give a comprehensive view of the history, struggles, and triumphs of the church from the time of its inception until the end of the age. All persons are cordially invited to hear this message.

## MODERATE RECEIPTS OF LIVE STOCK. PRICES HIGHER

KANSAS CITY, May 12.—Shippers profited by the mistake they made last week when they grouped their offerings in the first two days of the week, and this week found the opening run moderate, with indications of a more equal distribution throughout the week.

Trade in cattle opened early at strong 25 cents higher prices, hogs were strong and sheep were strong to 50 cents higher.

## Today's Receipts

Receipts today were 9000 cattle, 16,000 hogs, and 5000 sheep compared with 15,000 cattle, 16,000 hogs, and 20,000 sheep a week ago, and 15,200 cattle, 19,550 hogs, and 13,500 sheep a year ago. Today's receipts came from a rather wide scope of territory and included increased offerings from Texas, and a few consignments from Arizona, New Mexico and Utah.

## Beef Cattle

With lighter total receipts, and an increased number of stockers and feeders, the supply of beef cattle today was materially short of a week ago, and a year ago, and after the first canvass of the supply killers traded freely in beef cattle at strong to 25 cents higher price than the close last week. The big drop in prices that occurred last Monday and Tuesday has about disappeared, and indications are for more settled conditions in the trade. Yearling steers sold readily, top \$13.00, and stronger weights brought up to \$13.15. Most of the offerings were medium weight steers that brought \$11.50 to \$12.50. Cows and heifers and veal calves were strong to 25 cents higher.

## Stockers and Feeders

Trade in stockers and feeders was active with prices firm. Demand was largely for 700 to 900 pound steers for grazing. Practically no cattle are going out to be fed grain on grass.

## Hogs

Trade in hogs opened slowly at steady prices and closed 10 cents higher, and lambs 25 to 50 cents up. A band of Arizona Springs sold at \$19.75, compared with \$19.50 extreme top last week. Some fed woolled lambs brought \$20.25, and clip lambs \$18.00. A bunch of 2000 Texas grass fat weathers sold at \$12.00 or \$1.25 above the top price last week.

## Horses and Mules

Receipts showed an increase, owing to improved shipping conditions. Demand was active and prices firm.

## HOME ECONOMICS EXHIBIT TOMORROW

The Home Economics class No. 255 of the East Central State Normal school will give a display of

the term's work in the form of a fashion show tomorrow morning at 11:15 in the Normal auditorium and will demonstrate one way to reduce the high cost of living.

All who are interested are cordially invited to be present and witness the display.

## Marriage License.

Willard Morgan, 21, Ada, and Amie McClain, 19, Hugo.

TULSA, OKLA., 5/11/20

## DEAR SISTER:

Will be home tomorrow. Have one of my suits ready. You know where to send it. The last time there I sent it to a small place advertising fast service and odorless cleaning. They sent it back in two days and I couldn't wear it that night for the smell. Moreover, it had to hang on the line two days before I could. Two days at the shop and two days on our line constitute four days service. That's rotten. However, don't think I am blaming them too bitterly. They simply haven't the machinery and things to do the best of work. This time send my suit to

# RICHMOND BUSINESS WOMAN GIVES FACTS ABOUT CASE TO PUBLIC

**Was Too Nervous To Work  
Or Sleep and Hardly Able  
To Eat Before She Began  
Taking Tanlac.**

**FEELS SPLENDID AND  
LIFE A PLEASURE NOW**

**Wants Others to Benefit by  
Her Experience — With-  
held Statement Until  
Rigid Test Completed.**

Mrs. C. Bozell, 612 East Clay street, Richmond, Virginia, book-keeper at a well known fruit and vegetable market, adds her voice to the hundreds who have already endorsed the Master Medicine, Tanlac.

"By the help of Tanlac," said Mrs. Bozell, "I have overcome a case of nervous indigestion that had pulled me down to almost a complete physical wreck. I am now a well woman and life is a pleasure. I am glad to recommend Tanlac because it is worth recommending and I am telling the people of a medicine they can depend upon for results."

"For a long time and up to the time I began taking Tanlac, there was scarcely an hour day or night but what I suffered intense pains from indigestion. I had not appetite and no matter whether I ate or not those awful pains came into my stomach just the same. I would bloat very badly and at times my entire body seemed full of pain. I was so nervous I shook like a leaf and it was almost useless for me to lie down at night for sleep was next to impossible for me. Even the telephone ringing and other noises I have always been used to hear almost drove me distracted. Many a time during the day I simply had to get up from my desk and walk around because I was so nervous I just could not sit there any longer. I felt so tired and worn out in the mornings I could hardly get to my work."

"I had suffered a long time before taking Tanlac and tried other medicines but it was just like throwing the money I paid for them away, for if they did me any good I don't know it. When I saw Tanlac so highly recommended, so many people telling how it had helped them, I wondered if it was because Tanlac was so much better than other medicines that it did them so much good. So I decided to try Tanlac only because others said it helped them and not that I had confi-

dence in it. I did not doubt the people whose statements I read, but I was discouraged and just didn't believe Tanlac would do me any good. I am telling this because I want everybody to know Tanlac has relieved me of the worst form of nervous indigestion even though I did not believe it would do me any good. I just began taking it because I was suffering so and it was something else to try. But the first bottle helped me more than all the other medicines I had taken put together. Then I bought five more bottles, have already taken three, and am going to take the balance, not because I feel the need of it, but to be on the safe side. I would not give my testimonial until I had taken three bottles, because I did not want to make a hasty statement that might mislead other people, for I know what it means to be taking a medicine hoping to get well and then find you are disappointed. But now I know what Tanlac has done for me and I gladly make this statement sincerely hoping that others who have not been able to find anything to relieve their sufferings will be influenced by it to try the medicine that has done so much for me. All my friends, and everybody who knows me, know how I suffered with nervous indigestion and everyone I can tell shall know about Tanlac. Now after I get through my work at the market I come home, cook and eat a hearty supper and thoroughly enjoy it. I do not have any more indigestion or gas pains and sleep just fine all night long. A wonderful difference now and before I took Tanlac, isn't it? It's a real pleasure to tell about Tanlac."

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

## SPECIAL ASSIGNMENT IN ARMY SERVICE

Special permission has been sent to the local army recruiting station to enlist men for special assignment for three years to Camp Grant, Ill. The quota to be enlisted for this assignment is only one thousand for

the entire country, and is open for all branches of the service except the motor transport corps, the air service and chemical warfare service.

These applicants are to be enlisted for the purpose of filling a few vacancies in the excellent school system which has been established at Camp Grant, which, beginning on June 1, is to give intensive courses in the automotive department, electrical department, building department, textile department, metal department, highway construction and topography, music department, machine department, business department and agriculture.

At the completion of the course in these schools, the men will be assigned to organizations at Camp Grant in their own branch of the service. The small quota which is open, together with the opportunities offered, make it appear that the quota will be filled rapidly.

There is also a similar system of schools now in full force at San Antonio, Texas, and enlistments are authorized to be made for the 15th field artillery for a period of one year until the required quota has been made up. This regiment has a wonderful record, one that any man can well be proud of saying that he is a member of that organization. This is your chance. What are you going to do about it?

## Pontotoc County's War History Is To Be Published

Mr. L. V. Aldridge, president of the Oklahoma World War History Co., Inc., of Oklahoma City, is in the city meeting officials of the American Legion post, and citizens of the county who served in the home service organizations during the recent World War in the interest of the history his company is compiling for publication, "The Oklahoma Spirit of '17," a three volume edition to include the entire state of Oklahoma.

Miss Florence Cobb and Miss Lucy Hickman will remain in Ada for several days visiting homes of former service men, gathering data relative to the service of men from this place who served in the World War either in France or in training camps over here, for publishing in Pontotoc county's section of this

history. Each county in the state will occupy a separate place in the volume, giving the county's record of war activities, such as the money raised for Liberty Loans, War Savings stamps, the work of the draft board, council of defense, etc. This work has the endorsement of state officials, chairmen of draft boards throughout the state, Red Cross workers and hundreds of citizens. In fact, it has met with enthusiastic approval wherever and whenever shown. The service record of the men who served and the Red Cross nurses will be published without any charge or obligation on the part of anyone. The company will donate a volume to each American Legion post throughout the state, one to each county, and one to each public library throughout the state. Those who reserve a copy of this work now will be entitled to have the soldier's photograph appear also if they desire.

Any further information relative to the work may be had by

calling on Miss Cobb or Miss Hickman at 821 East 10th street, or by corresponding with the company in Oklahoma City. Pontotoc citizens should see that every man who served during the World War is represented in this work, that future generations may know of the heroism and sacrifices of our men and women during the World War.

# REED'S NEW STORE

*Opens Informally 2:30 p. m. to 9 p. m., Friday, May 14th*

*For Business Saturday, May 15th at 8 a. m.*

On Friday, May 14th from 2:30 to 9 p. m., we will open our new store at 113 West Main, the first door East of Simpson's Surprise Store, informally for your inspection. During these hours you will not be asked or permitted to buy, as we have set aside those hours that you may become acquainted with our store; our merchandise; our system and ourselves, and we trust that we may get acquainted with you. We want you to feel absolutely free to come into our store on that day and any other day with the feeling that you may inspect our merchandise without buying—it will be before you with the price in plain figures and if you care to buy we will be pleased to wait upon you and to give our assistance of you desire it.

*On Saturday, May 15th, at 8 a. m.*

We will open our doors for business. We have tried to bring to Ada a line of merchandise that is suited and adapted to your particular needs and demands. However, we realize that we cannot come into a strange community and fill all your wants and we will be glad to have suggestions at any time for other merchandise demanded.

The Reed Stores are now operating 5, 10 and 25 Cent, etc. Stores at the following points: Okmulgee, Enid, Vinita, Alva, Ponca City, Blackwell El Reno and Ada in Oklahoma, and in Pratt, Larned, Eureka and Wichita in Kansas, and in June we will open a new store at Frederick, Okla. With our buying power for all of these stores, we are in most all instances able to secure better price on the merchandise at a less price, and it is our intention to give this, together with other economies in operation back to the consumer in the way of reduced prices.

A store such as we operate has been a recognized factor in the distribution of merchandise, so much so that you seldom see a City of more than 4000 people but what has this kind of a store, and we feel sure that Ada offers an exceptional good opportunity for the location of such a store as ours, as Ada is recognized as the distributing center of this section, and we have tried to give Ada such a store and a store that is in keeping with the progress and spirit of the town.

We wish also to state that we are coming to Ada—not to TAKE OUT but to PUT IN; not to TEAR DOWN but to BUILD UP, and we want to do our part in the upbuilding of the city and the county. The greater part of our interests are in Oklahoma and we expect to confine ourselves more to this section in the future than we have in the past, and it is up to us to help build, for in so doing we will only be helping ourselves at the same time we are helping your town and your county. Mr. B. S. Baldwin, the manager of the Ada store has purchased a home in the city and will be willing at any and all times to do his part when called upon.

In a store such as we will operate you will find perhaps the greater number of items that you will find in any store, not even excepting the large department stores—here, you will find Candy, Toys, Notions, Drugs, Hardware, Laces, Embroideries, Ribbons, Ready-to-Wear, Chinaware, Glassware, Stationary, Aluminum Ware, House Furnishings and many other departments. As New York has been called "The Melting Pot of the World" in regard to the races of the world, so our store may be aptly styled the "The Melting Pot of the Merchandise World"—here the Farmer, the Banker, the Scholar, the Mechanic, the Housewife, the Wash Woman, in fact all professions find in our store the many small items in which they are in daily need, displayed in a manner they can purchase quickly and at a popular price, and it is because of these demands for such a store, that our store and similar ones have become a necessity in the life of every community.

It is going to be our aim to not only carry a class of merchandise that you will demand at a popular price but it will also be our aim to deliver this merchandise to you in a manner that will carry with it every courtesy that the transaction will demand, and we shall insist from our organization that the same treatment that goes with a large sale, goes with a 5-cent sale. That this store will be a place where your children can safely shop. We appreciate the fact that Ada has a large number of merchants who have wonderful organizations, but within the next few weeks we hope to develop a sales force that will be excelled by none in courteous treatment, and in a short time we hope to be leading the way in this respect. This is our aim and you will be the judge, and we request that any uncourteous treatment by any of our employees be reported to the management at once.

We welcome you to our store at any time whether there is anything you wish or not—make our store your headquarters—in a great many towns where we have stores friends say "Meet me at Reed's" and we want you and your friends to make our store your meeting place.

In a later issue of this paper you will receive a list of items that we will offer you Saturday at exceptional prices. While the price is very cheap, we assure you the quality is not, and an examination of our merchandise, either Friday or Saturday will convince you.

Watch for our Page Ad that will appear in Friday's paper and note the special prices, and in the meantime when downtown or uptown, stop and INSPECT OUR WINDOWS—we feel sure the time doing so will be well spent.

## Tent Colonies in St. Louis

By the Associated Press

St. Louis Mo., May 12.—High rents and scarcity of houses have caused "tent villages" to spring up in the vicinity of St. Louis. Several have appeared along the Mississippi River and in various sections of St. Louis county.

The tent dwellers generally report they have stored their furniture and intend to camp out until cold weather sets in.

Several industrial concerns that are enlarging their plants, it is said, will set up tent colonies for employees they bring here from other cities, until home are erected for them.

A housing corporation has been formed to construct cheap homes.

## ASKED TO SIGN OWN DEATH WARRANT

By the Associated Press  
PARIS, May 12.—To be asked to sign his own death certificate was the experience recently of a French soldier named Bregot. He had been reported killed in the war but was found in good health at Belfort by a gendarme who thrust the death certificate into his hands, asked him to sign it, and left without explaining the reason for the extraordinary request.

Bregot has begun what is expected to be a long legal process to prove that he is still living.

## Round-Up Day at State Fair

By the Associated Press  
FARGO, N. D., May 12.—Cowboy life such as added glamor to the by-gone days of the west will be revived at a "round-up" at the state fair grounds here June 2 to 4.

Some who have followed the ways of the pioneers remain on the Diamond Bar ranch of North Dakota, and they are coming to Fargo with bronchoes, wild cattle and wild horses. They are to show how an old time ranch was conducted, depicting the life of the cowboy at work and at play.

The round-up promises to be a test of skill for entrants from a good part of the west. A number of cowboys from Montana, Wyoming and New Mexico are expected in addition to those from western North Dakota. Several thousand dollars in prizes have been offered. Events will include broncho tiding with and without saddle, rope spinning, riding steers and wild horse relays.

Better have your car washed. We'll do it a little better. Ada Service & Filling Station. 5-10-4td

## More Sugar Beets Planted

By the Associated Press

LIMA, O., May 12.—Farmers in the northern part of Ohio are planning to plant more sugar beets this year and fewer vegetables, canners say. The high price of sugar, and the fact that beets require less labor are reasons given. Reports from all over the state indicate that there will be a decreased vegetable acreage this summer.

### EDITOR RETIRES AFTER INTERESTING CAREER

By the Associated Press

KANSAS CITY, Mo., May. 12.—Pioneering days of journalism in the west were recalled here recently with the retirement of Celbe C. Cline, managing editor of the Kansas City Journal. Mr. Cline began his long newspaper career in 1881 as a "printer's devil" on the Democrat of Leadville, Colo. When the big "rush" to the Cherokee Strip opened in 1890 he was an experienced editor, and he set out for the Indian Territory from his parent's home in Kansas in a prairie schooner carrying a complete printing plant. Mr. Cline recounted his experiences at a farewell banquet in his honor.

The voyaging editor set stakes at Pond Creek, unloaded his printing press and got out what he declares was the first paper published in the Indian Territory carrying an account of the race for land.

His editorial office and a saloon. Mr. Cline says, were the first two business establishments to spring up in Pond Creek.

In the rush of events the editor found himself elected the first mayor of Pond Creek. He was elected by a majority of 21 over his lawyer opponent, who was also his boon companion. Serious problems soon confronted the fledgling municipality.

"The Rock Island, running north and south, divided Pond Creek into two towns," Mr. Cline said. "The town on the west side of the tracks—that was the 'other-side'—wanted to be the county seat. It effected a separate organization and a separate railroad station and brought pressure to bear on the railroad not to stop its trains at 'our' station. So we passed an ordinance making it an offense for trains to run through Pond Creek at a greater speed than six miles an hour.

"Of course the ordinance was ignored, so we got together and set up 845 feet of the railroad track on edge like a picket fence. The engineer of the first train to come along after that seemed to be possessed with the notion that if he put on speed, he could flatten that track-fence down and go over it. For his effort, he piled his cattle train in the ditch. We arrested the crew for exceeding the speed limit."

Mr. Cline told of pleading with a crowd of 3,000 for law and order and of advising them to release the cattle from the wrecked cars, which was done. The following day, he said, 100 railroad police descended upon Pond Creek.

Mainly another ordinance was necessary, he continued, so one was forthcoming forbidding railroad police to carry arms further than one hundred feet from the railroad track, and when the railroad officers went to eat, a deputized crowd swooped down on them, captured their stacked arms and, at the order of the mayor, arrested every man.

In 1894 Pond Creek had to find a new mayor, for Mr. Cline came to a Kansas City, where he did most of his subsequent newspaper work. He was managing editor of The Journal for eleven years, retiring May 1.

In leaving the newspaper business Mr. Cline is following a desire he has had for a dozen years to devote himself to fruit farming. He has a farm at Anderson, Mo.

### Negroes Are Jubilant

By the Associated Press

KANSAS CITY, Mo., May. 12.—Negroes throughout Missouri are jubilant over the introduction of a bill in the United States Senate creating a commission of nine persons to study the race question, according to a statement given out here by Silas Harris, president of the Negro National Educational Congress.

Mass meetings have been called in the principal cities of the state, Harris says, for the purpose of urging congress to pass the bill.

## SMART IMPORTED COAT FOR SPRING

By Eloise.

Imported clothes are advancing to a more important place with every new day. It is hard to tell just which items of wearing apparel from France are the most popular over here. The French boot is perhaps the most noticeable, but French frocks, blouses, hats and wraps are also in great demand. The suit, however, is still found at its best in the hands of American tailors and manufacturers. With the coat it is a different matter. Many of the importations are irresistible.

Here is one of the newest models of Paris inspiration which smacks of Paris boulevards and the races. It may be worn as a top coat or motor-coat or will find equal favor as an afternoon coat for street wear. It is a white material somewhat like a polo cloth but much softer. The cuffs and pockets are piped in green and the long stole collar which shows to great advantage when the coat is worn open is faced with green striped material. It is a striking and unusual style and may be developed in other colors, such as brown and tan, brown and white, purple and white, yellow and white, and red and white.

## The News Bible Lesson

Job 36:22-30.

Behold, God exalteth by his power; who teacheth like him?  
Who hath enjoined him his way? or who can say, Thou hast wrought iniquity?

Remember that thou magnify his work, which men behold.  
Every man may see it; man may behold it afar off.

Behold, God is great, and we know him not, neither can the number of his years be searched out.  
For he maketh small the drops of water; they pour down rain according to the vapor thereof.

Which the clouds do drop and distil upon man abundantly.  
Also can any understand the spreading of the clouds, or the noise of his tabernacle?

Behold, he spreadeth his light upon it, and covereth the bottom of the sea.

### Racing in Manila.

By the Associated Press

MANILA, P. I., May 12.—Horse racing after dark has become popular here and draws crowds to the electric lighted tracks some times the last event is not finished until after 11:30 o'clock p. m.

From 9 o'clock a. m. until 11 p. m. on the first Sunday of every month and on all legal holidays, except during the rainy season from June to October, racing meets are held here.

The entrants are native ponies from 47 to 53 inches in height, except for a few horses imported from Australia. Some of the ponies are so small that the jockeys' legs must be strapped up to prevent their feet dragging on the ground.

"Bick," a pony that was discovered hauling a carrometa or native cab here and purchased by his present owner for \$250, is credited with having won \$25,000 in purses on the track during the past year.

Purses range from \$125 to \$1,000 for the big special races.

### Flood Heads Committee.

By the Associated Press

WASHINGTON, May 12.—Henry L. Flood, of Virginia, was elected chairman of the democratic congressional committee last night, vice Representative Scott Ferris of Oklahoma, resigned.

## Mother's Day

Joseph S. Guest.

(Note: The following poem was written this week by Joseph S. Guest of our city. Mr. Guest was inspired to write the poem by the celebration of Mother's Day last Sunday. Mr. Guest has lost his mother since the celebration of this day in 1919. Joseph S. Guest is a cousin of Edgar Guest, the famous poet of Detroit, Michigan.)

She held two roses—white and red,  
With trembling hands but fair,  
Dead?

To learn which one I'd wear—  
She knew on Mother's Day before,  
That I wore a "rose-bud" red;  
But again, she asked the same  
words o'er,  
"Sir, is your mother dead?"

"Oh, no!" I said, "but gone is she,  
To claim her treasure there,  
To God and other loved ones see,  
Like a lilly white and fair—  
She's not dead, only sleeping,  
For she told Him in her prayers,  
That she'd trust all, to His keeping,  
That's why I tell you, she's up  
there."

Oh! But could I wear together,  
The white rose and the red;  
Wear the red one for the living,  
And the white one for the dead,  
But the white rose only give me,  
For my mother's dead, they say;  
With respects and fond remembrance,  
The asleep, she lives today.

### GOLF CHAMPIONSHIP TO BE ON GOOD COURSE

By the Associated Press

ANTWERP, Belgium, May 12.—Players in the Olympic golf championship events to be held in connection with the Olympic Games, beginning on July 12 will compete on a course that offers few terrors to the steady, straight driver who is an accurate judge of pitch and distance, but which promises untold difficulties to the man with the slightest tendency to hook or slice.

The Associated Press correspondent recently went over the course, which is that of the Antwerp Golf club, at Cappellenbosch, about 15 miles from Antwerp. There are no pronounced elevations, but the 18 holes of the course are dotted all about with natural bumpy little hummocks of hard earth—most of them on the fairway—while sand-pits and annoying little cup-like depressions lie with artificial bunkers, tiny water ditches and particularly nasty stretches of trees or tuft highroads on or bordering all the fairways.

"It is a course which should be played over several times by any one who intends to compete in a real match," the correspondent was told by one Scotch officer—a scratch man at St. Andrews—who found difficulty sometimes in making the round in bogey, which is 78.

The length of the course is 5,820 yards—2,885 yards for the first nine holes, out and 2,935 yards in, with bogey 39 both out and in. The longest hole, the fifth, is 540 yards—the cleanest, widest straightaway of the lot, though even this offers occasional pitted or wooded difficulties, and the shortest is the 12th, 150 yards, a nice little pitch for the accurate mashie but so full of trouble in the shape of ditches, bumps and traps that only the scratch men generally make it in the 33 strokes set for bogey.

Just now, after the spring rains, the entire course is spongy, but during the baking hot weather which is customary at Cappellenbosch in July, it becomes hard and bumpy, giving much bound and roll to the ball.

The greens, which have been well kept despite the war are composed of a thin mossy grass, fast but here and there, just a bit bumpy. Most of them are protected by pits or ditches before and behind, and are particularly dangerous for over-shots.

The course has been well arranged, with only one possibility of cross fire or interference in its whole length, this being where the tee shot for the fourth hole crosses one of the green, but the tee is considerably elevated and most of the drives go well over.

The ground rules are, as yet, a bit incomplete, no provision being made for the wagon ruts in the dirt roads bordering or crossing some of the fairways, but these are expected to be changed before the Olympic matches.

## FLOOD IS RAGING IN TRINITY RIVER

By News Special Service.

DALLAS, Tex., May 12.—One of the greatest floods ever known in the Trinity River is raging. A number of families along the pike in West Dallas moved to higher ground yesterday afternoon. W. J. McDaniel, proprietor of McDaniel's store in the same neighborhood, moved his stock of goods and his fixtures late yesterday evening. He said that a rise of four feet more would bring the water above his floor.

Joseph L. Cline, meteorologist, of the Weather Bureau said that the farmers had had ample warning to get their stock out of the bottoms, but that a large acreage of crops would be destroyed by the flood.

The greatest flood ever known in the river was May 25, 1908,

THE MAN'S STORE

when the stage at Dallas was 52.6 feet. The stage at 7 o'clock last night was 57.3 feet and the forecast indicates a stage of 40 feet last night or today. The river rose 7.3 feet at Fort Worth in twelve hours Sunday and 7 feet at Carrollton on Elm Fork.

Mr. Cline said last night that the rise in the river is to some extent being offset by the fall and that unless there should be more rain last night he did not think the flood would reach more than forty feet at Dallas. The stage at Fort Worth yesterday morning was 28.3 feet and the stream was rising. At Bridgeport the stage was fifteen feet and the river had begun to fall. The lowlands between Dallas and Trinidad will be overflowed in the next few days. The crest of the flood will not reach Trinidad before Thursday or Friday. The station at Trinidad yesterday morning warned farmers to move their stock from the bottoms.

### A. O. U. WAS ORGANIZED IN ADA LAST NIGHT

The local lodge of the Ancient Order of United Workmen was organized last night. The meeting was held at the Stauffer Business College. There are 34 charter members of the order. Meetings of the new order will be held every Thursday night at the Stauffer hall.

The following officers were elected last night: C. L. McNutt, past master workman; J. W. Gay, master workman; Mrs. Jessie Hooper, foreman; Miss Pearl Poindexter, recorder; E. C. Lee, financier; Mrs. Nora V. Thompson, receiver; Harry Hitt, overseer; Robert E. Thompson, guide; Paul Hensley, Albert S. Hooper, and Mrs. W. M. Giles, trustees.

C. L. McNutt was elected as representative to the grand lodge which meets in Guthrie, October 22.
